

# Call for applications Doc.Mobility@unibas 2021

## Mobility grants for doctoral students

The call is aimed at doctoral students at the University of Basel who wish to improve their scientific profile at a research institute abroad. The mobility grants enable a research stay of 6-12 months abroad in order to deepen scientific knowledge and to advance the doctoral thesis.

### Who can apply for a grant?

All doctoral students of the University of Basel who have been enrolled at the University of Basel for 12 months prior to the submission of the application and who do not already have funding from the Swiss National Science Foundation. A stay at the partner university as part of a cotutelle de thèse is not possible.

### Purpose of support

Doc.Mobility@unibas includes a contribution to cover the costs of living abroad, calculated according to family status and chosen place of residence, a lump sum for travel expenses and a possible contribution to conference costs. The funding period is 6 to 12 months.

### Criteria for evaluation

Applications are evaluated according to the applicant's scientific qualifications, the quality of the research project to be carried out during the research stay and the mobility gain of the intended research location.

### Submission deadlines

Applications can be submitted electronically by 1 March and 1 September.

The earliest possible start of the stay abroad is the following 1 June or 1 December.
